POE -120WS-LFP

MINI DC UPS

Main features

Input:100~240VAC, 50/60HZ(built-in adapter)
DC output socket 5V, 9V, 12V and 48V
Ethernet output interface (POE output: 24V/48V)
20000mah LiFePO4 battery, long back up time
LCD display (AC input, load ratio, battery voltage, operating mode)
Intelligent circuit design with over-charging,over-discharging and short circuit protections

Specification

Model	POE-120WS-LFP			
Input voltage	100~240Vac/50-60Hz			
Output Power	120W			
Output	DC1-DC10	DC11-DC13	DC14	POE
Output voltage	12V	9V/12V	48V-52V	24V/48V
Output polarity	— ⊖ +			+4,5pins -7,8pins
Output voltage & current	12V 2A	9V/12V(3A)	48V-52V/1.5A	24V/1A, 48V/0.5A
QTY.&capacity of battery	LiFePO4 battery 5000mAhx4			
Unit dimension(mm)	244x166x50mm			
Charging time (h)	3h			
Net weight(kg)	1.6kg
